

PET Vinyl DS 440µm

This material is 2x220 µm super smooth, no curl and prints beautifully! The recommended choice for long lasting, beautiful eye catching graphics. PET Vinyl DS is a high quality coated blockout PVC film for indoor and outdoor advertisements. It's possible to print on both sides of material. The light blocking layer in between and unique surface treatment provides 100% opacity with no show through of pictures. The product has a smooth matt surface that delivers superior ink adhesion.
